

Paper Cup Air Cannon

- 1) Cut a circular hole in the **BOTTOM** of a paper cup. (See the dotted line on the diagram!)
- 2) Cut off the open end of a rubber balloon to make a piece of balloon big enough to cover the **TOP** of the cup.
- 3) Stretch the piece of balloon over the **TOP** of the cup, and tape it in place.
- 4) Pull on the rubber balloon and release it to shoot the air cannon!

Try aiming your cannon at some paper to see if you can hit the target!!
